

# Gateway Battery Replacement Service Plan

## Replacement Battery Service Plan Details

- Gateway professional notebooks are standard with a one year limited battery warranty.
- Our Battery Replacement Service Plan augments the limited battery warranty to up to three years with up to one replacement battery during years two and three.
- The Battery Replacement Service Plan can be renewed up to three years from original purchase date if the one time replacement is used.

## Easy to Purchase

- The Gateway Battery Replacement Service Plan is available to our professional customers within the first 12 months of system purchase. The plan duration begins on the original order invoice date.
- The Battery Replacement Service Plan can be renewed after the one time replacement has been used. Renewal prices are the same as point of sale and renewal contracts will last for the duration of the contract beginning with the original order invoice date.

## Hassle-Free Battery Replacement

Gateway offers a service plan that delivers a one time replacement on batteries at no additional charge in the event the primary battery fails for up to three years from the original notebook purchase. Protect your investment and simplify the replacement battery process by eliminating the need for possible additional budget attainment.

- **Fast and Convenient Access to a Replacement Battery** for up to Three Years from Original Notebook Purchase
- **Protect your Investment** Upfront instead of Obtaining Funding Approval at Point of Failure for Batteries
- **Ensure Availability** of a Compatible Battery

The Gateway Battery Replacement Service Plan delivers support for your battery just like the rest of your notebook, with a one time replacement and renewable option. Your organization receives recently produced or refreshed batteries versus those degrading on a shelf and taking up space at your location.
